

The Coofle VIP Card

You and the local community

Crowd Funding

Circular Economy

Helping hurt people

Making the world a better place

Coofle is firstly about giving teenagers freedom and taking stress out of their parents' life

Many parents already do ridesharing, but is difficult. Coofle makes it easy and safe.

Do you drive Uber? Imagine if you suddenly got cash back from Uber!

Imagine if around 20% of what you have paid for Uber rides over the last three years were suddenly paid out in cash to you? If Uber had been Crowd Funded with VIP Cards, that could have been reality.

Coofle is often referred to as a "Safe Local Community Uber", specifically designed to help young people getting rides with parents to their friends and other safe drivers from their local community. Easy as Uber but 100% safe Drivers get a bit of money, but they don't drive too make money. They sign up as drivers to help the young and others in their local community and give rides when it is not costing them other than maybe a few minutes extra time

If Coofle succeed, those who own a Coofle VIP card will earn cash for every Coofle ride they take for three years. A frequent passenger would typically earn more than \$500.

Those who buy Coofle VIP Cards are micro investors in Coofle. Besides from cash back when riding, they also become Coofle micro shareholders.

We strive to make the world a better place for hurt people and for the next generation

GreenDriveThinking. Me – We – sustainability

Making the world a better place is about us all. Coofle is firstly about the local community helping teenagers and their parents. Secondly Coofle helps the local community with better mobility. But ridesharing automatically reduce traffic jams and CO2. Good for economic growth and for global environment. Coofle also support "Crew of The White Pearl" to help hurt people to gain strength to help both themselves and others.

How you can support Coofle and the "Crew of the White Pearl". Sign up on Coofle Driving Friends as a Follower of "Crew of The White Pearl". The Crew will know they can contact you to ask if you can possibly help, if someone in your local community needs a helping hand.

Support the Crew of the White Pearl. Donations are appreciated, but we encourage and help the Crew to start their own small business. Trust the Crew with a "Crowd Funding Donation" and get a product or service of your choice later. Returning your trust with something you'll appreciate makes us proud.

Buy a Coofle VIP Card. Our first project start in The Danish Church in Yorba Linda. During June and July "The White Pearl" will visit churches and other local communities in 25 cities across the US and Canada.
